INTRODUCTORY.

In compiler's section No. 3 of the General School Law (this book) may be found the law which makes it the duty of the Superintendent of Public Instruction to publish and transmit to school officers all general laws relating to schools. In compliance with this law this pamphlet is issued and sent by mail to county commissioners of schools and county officers, also by freight to commissioners of schools in sufficient number for each and every school officer under their jurisdiction. The amendments to the school law made by the Legislature of 1895 were especially noticed in the introductory preface to the edition of that year. I have found it necessary to renumber some of the chapters in the back part of this edition, but so far as practicable have followed the same general order as in former editions. The attention of school officers is called to the amendments and additions to the school laws made by the Legislature of 1897. They are as follows:

1. Amendment to section 22 of chapter III, requiring in city census list, the street number of pupils and name of parent or guardian.
2. Addition of chapter XI, providing for the publication of financial statement by the school board of graded districts.
3. Addition of chapter XIX, fixing the relation of existing normal schools.
4. Amendments to chapter XXIII, providing a penalty for truancy.
5. Addition of chapter XXV, providing a uniform series of textbooks.
6. Addition of chapter XXXIII, making it the duty of the Superintendent of Public Instruction to provide a Course of Study for admission to the Agricultural College.

The digest of Supreme Court decisions embodied in Appendix A has been brought up to date, and the index carefully revised. I have also added certain forms in Appendix B to aid school officers in the enforcement of the compulsory law.

JASON E. HAMMOND,
Superintendent of Public Instruction.

If any person so challenged shall refuse to take such oath, his vote shall be rejected; and any person who shall wilfully take a false oath or make a false affirmation, under the provisions of this section shall be deemed guilty of perjury. When any question is taken in any other way than by ballot, a challenge immediately after the vote has been taken shall be deemed to be made when offering the vote and treated in the same manner.

Meetings of the board may be called by any member thereof by serving on the other members a written notice of the time and place of such meeting at least twenty-four hours before such meeting is to take place; District board, when meetings of may be called

(§29.) The temporary absence of the assessor does not create a vacancy in the office. If his family continues to reside in the district and he has not actually removed, he retains his residence and with it his office. A removal is necessary; and a temporary absence, his family remaining, is not a removal and there is no vacancy.—*Van Riper, Atty Gen., Feb. 8, 1882.*

(§33.) The district board should act together. It is not necessary for valid official action that all the members should be consulted, but opportunity must be given to all the members to express their opinion and to vote upon the questions submitted to them.—*Kirchner, Atty. Gen., Dec. 4, 1877.*

(§33.) Whenever a power is vested in a board for a public purpose, it requires a quorum to act and a majority of that quorum to determine a matter before it.—*Kirchner, Atty. Gen., Apr. 7, 1879.*

and no act authorized to be done by the district board shall be valid, unless voted at a meeting of the board. A majority of the members of the board at a meeting thereof shall be necessary for the transaction of business.

(§34.) SEC. 7. The said district board shall purchase a record book, and such other books, blanks, and stationery as may be necessary to keep a record of the proceedings of the district meetings and of meetings of the board, the accounts of the assessor, and for doing the business of the district in an orderly manner.

(§35.) SEC. 8. The district board shall purchase or lease in the corporate name of the district, such sites for schoolhouses as shall have been lawfully designated, and shall build, hire, or purchase such schoolhouses as may be necessary, out of the fund provided for that purpose, and make sale of any site or other property of the district when lawfully directed by the qualified voters; but no district in any case shall build a stone or brick schoolhouse upon any site without having first obtained a title in fee to the same or a lease for ninety-nine years; nor shall any district build a frame schoolhouse on any site for which they have not a title in fee or a lease for fifty years, without securing the privilege of removing the said schoolhouse, when lawfully directed so to do by the qualified voters of the district at any annual or special meeting when lawfully convened.

(§36.) SEC. 9. It shall be the duty of the district board to estimate the amount necessary to be raised in addition to other school funds, for the entire support of such schools, including teachers' wages, fuel, and other incidental expenses, and for deficiencies of the previous year for such purposes. But in districts having less than thirty scholars, such estimate, including the district's share of the primary school interest fund and one-mill tax, shall not exceed the sum of fifty dollars a month for the period during which school is held in such district; and when such amount has been estimated and voted by the district board, it shall be reported for assessment and collection, the same as other district taxes. When a tax has been estimated and voted by the district board under the provisions of this section, and is needed before it can be collected, the district board may borrow to an amount not exceeding the amount of said tax.

(§37.) SEC. 10. The district board shall, between the first and third Mondays in September in each year, make out and deliver to the township clerk of each township in which any part of the district is situated, a report in writing under their hands of all taxes voted by the district during the preceding year and of all taxes which said board is authorized to impose, to be levied on the taxable property of the district.

(§33.) The record of a lease for a term of years is not essential to its validity, though leases for a longer term than three years should be recorded, in order to render them effectual against subsequent purchasers in good faith and for a valuable consideration. The non-payment of rent does not *ipso facto* terminate the lease.—*Kirchner, Atty Gen., Sept. 26, 1877.*

(§38.) SEC. 11. The district board shall apply and pay over all school moneys belonging to the district, in accordance with the provisions of law regulating the same; and no money raised by district tax shall be used for any other purpose than that for which it was raised, without a consenting vote of two-thirds of the tax paying voters of the district; and no moneys received from the primary school interest fund, nor from the one-mill tax, except as provided by law, shall be appropriated to any other use than the payment of teachers' wages, and no part thereof shall be paid to any teacher who shall not have received a certificate of qualification from proper legal authority before the commencement of his school. No school district shall apply any of the moneys received by it from the primary school interest fund or from any and all other sources, for the support and maintenance of any school of a sectarian character, whether the same be under the control of any religious society or made sectarian by the school district board.

Board to apply moneys according to law.

(§39.) SEC. 12. Said board shall present to the district, at each annual meeting, a report in writing containing an accurate statement of all moneys of the district received by them, or any of them, during the preceding year, and of the disbursements made by them, with the items of such receipts and disbursements. Such report shall also contain a statement of all taxes assessed upon the taxable property of the district during the preceding year, the purposes for which such taxes were assessed, and the amount assessed for each particular purpose; and said report shall be entered by the director in the records of the district.

(§40.) SEC. 13. The district board shall hire and contract with such duly qualified teachers as may be required; and all contracts shall be in writing and signed by a majority of the board on behalf of the district. Said contracts shall specify the wages agreed upon and shall require the teacher to keep a correct list of the pupils, and the age of each attending the school, and the number of days each pupil is present, and to furnish the director with a correct copy of the same at the close of the school. Said contract shall be filed with the director, and a duplicate copy of the contract shall be furnished to the teacher. No contract with any person not holding a legal certificate of qualification then authorizing such person to teach shall be valid; and all such contracts shall terminate, if the certificate shall expire by limitation and shall not immediately be renewed, or if it shall be suspended or revoked by proper legal authority. A school month within the meaning of the school laws shall consist of four weeks of five days in each week, unless otherwise specified in the teacher's contract.

(§38.) I am inclined to think that no money raised by district taxes can be used for any other purpose than that for which it was raised, unless by vote of two-thirds of the tax paying voters of the district. I think this section must be strictly and literally observed.—*Kirchner, Atty. Gen., Sept. 26, 1877.*

Care and use of school-house.

(§41.) SEC. 14. The district board shall have the care and custody of the schoolhouse and other property of the district, except so far as the same shall by vote of the district be specially confided to the custody of the director, including all books purchased for the use of indigent pupils, and shall open the schoolhouse for public meetings, unless by a vote at a district meeting it shall be determined otherwise: *Provided*, That said board may exclude such public meetings during the five school days of each week of any and all school terms or such parts thereof as in their discretion they may deem for the best interests of the schools.

Board may exclude public meetings at certain times.

Board to specify studies and prescribe text-books.

(§42.) SEC. 15. The district board shall specify the studies to be pursued in the schools of the district [districts] and, in addition to the branches in which instruction is now required by law to be given in the public schools of this State, instruction shall be given in physiology and hygiene with a special reference to the nature of alcohol and narcotics and their effects upon the human system. Such instruction shall be given by the aid of text-books in the case of pupils who are able to read and as thoroughly as in other studies pursued in the same school. The text-books to be used for such instruction shall give at least one-fourth of their space to the consideration of the nature and effects of alcoholic drinks and narcotics, and the books used in the highest grade of graded schools shall contain at least twenty pages of matter relating to this subject. Text-books used in giving the foregoing instruction shall first be approved by the State Board of Education. Each school board making a selection of text-books under the provisions of this act shall make a record thereof in their proceedings; and text-books once adopted under the provisions of this act shall not be changed within five years, except by a consent of a majority of the qualified voters of the district present at an annual meeting or at a special meeting called for that purpose. The district board shall require each teacher in the public schools of such district, before placing the school register in the hands of the directors [director] as provided in section thirteen of this act, to certify therein whether or not instruction has been given in the school or grade presided over by such teacher as required by this act; and it shall be the duty of the director of the district to file with the township clerk a certified copy of such certificate. Any school board neglecting or refusing to comply with any of the provisions of this act shall be subject to fine or forfeiture, the same as for neglect of any other duty pertaining to their office. This act shall apply to all schools in the State, including schools in cities or villages, whether incorporated under special charter or under the general laws.

Instruction in physiology, and hygiene required.

Text-books in physiology, etc., to be approved by state board of education.

Purchase of books for poor children.

(§43.) SEC. 16. The district board may purchase at the expense of the district such text-books as may be necessary for the use of children, when parents are not able to furnish the same; and they shall include the amount of such pur-

chase in the report to the township clerk or clerks, to be levied in like manner as other district taxes.

(§44.) SEC. 17. The district board shall have the general care of the school, and shall make and enforce suitable rules and regulations for its government and management and for the preservation of the property of the district. Said board may authorize or order the suspension or expulsion from the school, whenever in its judgment the interests of the school demand it, of any pupil guilty of gross misdemeanor or persistent disobedience. Any person who shall disturb any school by rude and indecent behavior, or by profane or indecent discourse, or in any other way make such disturbance, shall on conviction thereof be punished by a fine not less than two nor more than fifty dollars or by imprisonment in the county jail not exceeding thirty days.

Penalty for disturbing school.

(§45.) SEC. 18. All persons residents of any school district and five years of age shall have an equal right to attend any school therein, and no separate school or department shall be kept for any persons on account of race or color: *Provided*, That this shall not be construed to prevent the grading of schools according to the intellectual progress of the pupil, to be taught in separate places as may be deemed expedient.

Who can attend school.

No separate school on account of race, etc.

(§46.) SEC. 19. The district board may admit to the district school non-resident pupils, and may determine the rates of tuition of such pupils and collect the same, which tuition shall not be greater than fifteen per cent more than the average cost per capita for the number of pupils of school age in the district. Children who are being cared for at county expense shall be admitted to the school in the district whose schoolhouse is nearest the county house, on the same terms that other non-resident pupils are admitted. When non-resident pupils (their parents or guardians) pay a school tax in said district, such pupils shall be admitted to the schools of the district, and the amount of such school tax shall be credited on their tuition, a sum not to exceed the amount of such tuition, and they shall only be required to pay tuition for the difference therein.

Moderator.

(§44.) It is not competent for the district board to assume the expenses incurred in the legal defense of a teacher prosecuted for an assault alleged to have been made in the punishment of a pupil.—*Kirchner, Attorney General, Dec. 4, 1877.*

(§45.) The domicile of any person is the place which he has chosen for his permanent residence. Sometimes the law makes a distinction between "residence" and "domicile." Residence, contra distinguished from domicile, is the locality in which a person may reside for the time being. But in the case under consideration the term residence is used in the sense of domicile. I have no doubt that a person who makes Flint his or her home for no other purpose than to enjoy school privileges and with the intention of removing to his or her former home after the closing of the school, is "not actually a resident of said district." A minor having parents living, partakes of the domicile of his or her parents.—*Kirchner, Attorney General, Jan. 25, 1879.*

(§47.) The moderator should examine every order before countersigning it, and if it is drawn for an improper purpose and with intent to defraud the district or to divert the fund from its proper channel, he should refuse to countersign such order; and the courts will sustain him in such action.—*Van Riper, Attorney General, Feb. 8, 1882.*

Each order shall specify the object for which, and the fund upon which, it is drawn;

See App. B. forms 10, 11.

Fifth, To draw and sign all contracts with teachers, when directed by the district board, and present them to the other members of the board for further signature;

Seventh, To keep an accurate account of all expenses incurred by him as director, and such account shall be audited by the moderator and assessor, and on their written order shall be paid out of any money provided for the purpose;

Eighth, To present at each annual meeting an estimate of the expenses necessary to be incurred during the ensuing year by the director as provided by law, and for payment of the services of any district officer;

To present estimates of expenses to annual meeting.

Ninth, To preserve and file copies of all reports made to the school inspectors, and safely preserve and keep all books, papers, and other documents belonging to the office of director, or to the district when not otherwise provided for, and to deliver the same to his successor in office;

Any person intentionally giving to any census enumerator of school children any false information as to the names or ages of school children, or as to the names or residence of the parents or guardian of any school children or any enumerator who shall perform his duties carelessly or negligently, shall be guilty of a misdemeanor, and upon conviction thereof, be liable to a fine of not more than five dollars or to imprisonment in the county jail for not more than five days, in the discretion of the court.

False information given enumerator.

Penalty for careless enumeration.

(§50.) SEC. 23. The director shall also, at the end of the school year and previous to the second Monday in September in each year, deliver to the township clerk, to be filed in his office, a report to the board of school inspectors of the township, showing:

(§52.) SEC. 25. It shall be the duty of assessor of each school district:

First, To execute to the district and file with the director within ten days after his election or appointment, a bond in double the amount of money to come into his hands as such assessor during his term of office, as near as the same can be ascertained, with two sufficient sureties, to be approved by the moderator and director, conditioned for the faithful application of all moneys that shall come into his hands by virtue of his office, and to perform all the duties of his said office as

(§52.) Is a district assessor justifiable under the law in refusing to pay an order drawn for any purpose not authorized by law, although such order is duly signed by the director and countersigned by the moderator? Cases may arise in which the assessor is in duty bound not to pay such orders.—*Kirchner, Atty. Gen., May 22, 1880.*

(§52.) The sureties on a bond executed by the assessor of a school district are not responsible for acts or omissions occurring beyond the period for which the assessor was elected. In case of his re-election a new bond should be given.—*Kirchner, Atty. Gen., Dec. 4, 1877.*

(§52.) Mr. S. was elected to the office of assessor of a school district and gave the requisite bonds. Since his first election he has been re-elected but has never executed any additional bonds. He has never been requested so to do by the moderator and director. Laterally the director requested him to execute an official bond and S. replied that he could not do so just then, and thereupon and without any further proceedings the district treated the office of assessor as vacant and proceeded at once to an election to fill said supposed vacancy. I am entirely clear that Mr. S. has not forfeited his office and that he is not only justified, but it is his duty not to pass over any of the papers pertaining to the office or any of the school district's moneys; but Mr. S. should give bonds at once. Both the director and moderator were derelict in their duty in failing to require the bond of the assessor at the outset. After filing the bond Mr. S. should continue to administer the office of assessor.—*Kirchner, Atty. Gen., Sept. 18, 1879.*

TOWNSHIP OFFICERS.

TOWNSHIP BOARD OF SCHOOL INSPECTORS.

(§53.) SECTION 1. The school inspectors of each township, together with the township clerk, shall constitute the township board of school inspectors. Said board shall meet within twenty days after the first Monday in April in each year, and elect one of their number, other than the township clerk,

Board of school inspectors.

See §§ 142, 148.

(§53.) When the inspectors fail to elect a chairman within twenty days after the first Monday of April, I am of the opinion that the organization can be perfected after such date by the election of a chairman, and that failure to comply with the law referred to does not preclude a legal organization thereafter.—*Taggart, Atty. Gen., May 20, 1886.*

chairman of said board, and the township clerk shall be the clerk thereof.

Chairman of board to be treasurer.
To give bond.

(§54.) SEC. 2. The chairman of said board shall be the treasurer thereof, and shall give bond to the township in double the amount of moneys to come into his hands during his term of office, as near as the same can be ascertained, with two sufficient sureties, to be approved by the township clerk, conditioned for the faithful appropriation of all moneys that may come into his hands by virtue of his office. Said bond shall be filed with the township clerk and, in case of the non-fulfillment thereof, said clerk shall cause a suit to be commenced thereon, and the moneys collected in such suit shall be paid into the township treasury and shall be applied to the same purposes as the moneys lost should have been applied by said treasurer of the board of school inspectors.

See App. B, form 13.

Inspectors to render account to township board.

(§57.) SEC. 5. It shall be the duty of the board of inspectors to render to the township board, on the Tuesday next preceding the annual township meeting, a full and true account of all moneys received and disbursed by them as such inspectors during the year, which account shall be settled by said township board and such disbursements allowed, if the proper vouchers are presented.

Number of meetings of inspectors.

See App. A, 71.

(§58.) SEC. 6. The whole number of meetings of the township board of school inspectors at the expense of the township, during any one school year shall not exceed eight; but this shall not be construed to prevent said board holding further meetings in case of necessity, provided no expense to the township is incurred.

One copy of such map shall be filed by the said clerk in his office, and the other copy he shall file with the supervisor of the township; and within one month after any division or alteration of a district, or the organization of a new one in his township, the said clerk shall file a new map and copy thereof as aforesaid showing the same.

Assessment of
one-mill tax.

How applied.

(§65.) SEC. 13. It shall be the duty of the supervisor of the township to assess the taxes voted by every school district in his township, and also all other taxes provided for in this act, chargeable against such district or township, upon the taxable property of the district or township respectively, and to place the same on the township assessment roll in the column for school taxes, and the same shall be collected and returned by the township treasurer in the same manner and for the same compensation as township taxes. If any taxes provided for by law for school purposes shall fail to be assessed at the proper time, the same shall be assessed in the succeeding year.

(§66.) SEC. 14. The supervisor shall also assess upon the taxable property of his township one mill upon each dollar of the valuation thereof in each year, and report the aggregate valuation of each district to the township clerk, who shall report said amount to the director of each school district in

(§65.) A supervisor in levying school taxes erroneously included a part of the territory of one district in an adjoining district; and, when the tax was collected, it was paid to the district in which the supervisor had included the territory in question and not to the district in which the territory belonged. These proceedings on the part of the supervisor were clearly illegal, and the collection thereof could have been successfully resisted; or, if the taxes had been paid under protest, the parties paying could have recovered the amount thus unlawfully collected. It has been held by the Supreme Court that acquiescence in and payment of an illegal tax, estops the taxpayer from afterwards complaining of it; but the payment of an illegal tax, if refused, cannot be enforced—(Wattels vs. City of Lapeer, 40 Mich., 625. The People ex rel. Gebhart vs. East Saginaw, 30 Mich., 336). The taxes thus illegally assessed do not belong to either school district, therefore the one cannot sue the other for the recovery of such taxes improperly paid. It is not the money of the district in whose hands it now is, but it is an illegal tax collected from individuals, paid voluntarily and without protest, and therefore cannot be collected back: for the Supreme Court in the case cited (40 Mich., 625) says: "If the people taxed acquiesce and pay these taxes, they may not afterwards be heard to complain; but if they refuse, the courts have no power to compel them."—*Van Riper, Atty. Gen., July 24, 1882.*

(§66.) The only statute I notice relative to the assessment of school taxes is section 5090, Howell's statutes, and subsequent sections. They are to be assessed upon the taxable property of the districts or township. I suppose the personal property of residents of the district, together with the real estate of each resident within the district, would properly be taxed to each individual, notwithstanding the fact that some of his personal property was without the district and within the township. If the personalty was without the township and of that character to be assessable to another township another rule would apply. I do not think sections 10 and 11, Laws of 1885, applicable to school districts, or that they affect such taxes unless the property is in another township from where the party to be assessed resides.—*Taggart, Atty. Gen.*

his township, or to the director of any fractional school district a portion of which may be located in said township, before the first day of September of each year; and all money so raised shall be apportioned by the township clerk to the district in which it was raised; and all money collected by virtue of this act during the year on any property not included in any organized district, or in districts not having, during the previous school year,* three months' school in districts having less than thirty children, or five months school in districts having thirty and less than eight hundred children, or nine months' school in districts having eight hundred or more children, as shown by the last school census, shall be apportioned to the several other school districts of said township, in the same manner as the primary school interest fund is now apportioned. All moneys accruing from the one mill tax in any township, before any district shall have a legal school therein, shall belong to the district in which it was raised, when they shall severally have had a * three months' school by a qualified teacher.

When forfeited by districts.

How apportioned.

Where accrued moneys shall belong.

(§67.) SEC. 15. The amount to be assessed upon the taxable property of any school district retaining the schoolhouse or other property, on the division of a district as the same shall have been determined by the inspectors, shall be assessed by the supervisor in the same manner as if the same had been authorized by a vote of such district; and the money so assessed shall be placed to the credit of the taxable property taken from the former district, and shall be in reduction of any tax imposed in the new district on said taxable property for school district purposes: *Provided*, That if the district retaining the schoolhouse shall vote to pay and shall pay, before said taxes are assessed, any portion of said amount to the new district, said amount, as shall be certified by the moderator and director of the new district to the supervisor, shall be deducted from the amount to be assessed as provided in this section. When collected, such amount shall be paid over to the assessor of the new district, to be applied to the use thereof in the same manner, under the direction of its proper officers, as if such sum had been voted and raised by said district for building a schoolhouse or other district purposes.

When district is divided certain taxes to be assessed.

Proviso.

How such taxes to be applied.

(§68.) SEC. 16. The full amount of all taxes to be levied upon the taxable property in a fractional school district shall be certified by the district board to the township clerk of each township in which such district is in part situated, and by such township clerks to the supervisors of their respective townships, and it shall be the duty of each of said supervisors to certify to each other supervisor interested, the amount of taxable property in that part of the district lying in his township: *Provided*, That when there exists a manifest difference in the valuation of property assessed in fractional districts composed of territory in adjoining townships or counties, such valuation

shall be equalized for this specific purpose by the supervisors of the township interested, at a joint meeting held for that purpose, on application of either of the supervisors of said townships. And such supervisors shall respectively ascertain the proportion of such taxes, including mill tax, to be placed on their respective assessment rolls, according to the amount of taxable property in each part of such district. And if said supervisors cannot agree as to the proportion of such taxes to be placed on their respective assessment rolls, a supervisor from an adjoining township shall be called to meet with said supervisors in said fractional district and assist in equalizing said valuation, said supervisor to be paid at the rate of three dollars per diem for the time necessarily employed in attendance at such meeting of the supervisors, and all necessary traveling expenses by the townships in interest.

Statement to township treasurer.

(§69.) SEC. 17. The supervisor, on delivery of the warrant for the collection of taxes to the township treasurer, shall also deliver to said treasurer, a written statement of the amount of school and library taxes, the amount raised for district purposes on the taxable property of each district in the township, the amount belonging to any new district on the division of the former district, and the names of all persons having judgments assessed under the provisions of this act upon the taxable property of any district, with the amount payable to such person on account thereof.

Statement to township treasurer of one-mill tax levied in fractional district.

(§70.) SEC. 18. The supervisor of each township on the delivery of the warrant for the collection of taxes to the township treasurer, shall also deliver to said treasurer a written statement certified by him of the amount of the one-mill tax levied upon any property lying within the bounds of a fractional school district, a part of which is situate within his township and the returns of which are made to the clerk of some other township; and the said township treasurer shall pay to the township treasurer of such other township the amount of the taxes so levied and certified to him for the use of such fractional school district.

Collection and apportionment of taxes on division of district.

(§71.) SEC. 19. Whenever any portion of a school district shall be set off and annexed to any other district or organized into a new one, after a tax for district purposes other than the payment of any debts of the district shall have been levied upon the taxable property thereof but not collected, such tax shall be collected in the same manner as if no part of such district had been set off; and the said former district, and the district to which the portion so set off may be annexed, or the new district organized from such portion, shall each be entitled to such proportion of said tax as the amount of taxable property in each part thereof bears to the whole amount of taxable property on which such tax is levied.

(§72.) SEC. 20. [NOTE.—Section 20 was repealed by Section 52 of Act number 206, Public Acts of 1893. See bottom of page.]

(§73.) SEC. 21. The township treasurer shall, from time to time, apply to the county treasurer for all school and library moneys belonging to his township or the districts thereof; and on receipt of the moneys to be apportioned to the districts, he shall notify the township clerk of the amount to be apportioned.

Township treasurer to apply to county treasurer for money. See App. A. §§ 144, 146. To notify township clerk of moneys. Moneys due fractional districts.

(§74.) SEC. 22. Each treasurer of a township, to the clerk of which the returns of any fractional school district shall be made, shall apply to the treasurer of any other township in which any part of such fractional school district may be situated, for any money to which such district may be entitled; and when so received it shall be certified to the township clerk, and apportioned in the same manner as other taxes for school purposes.

The several county treasurers shall apply for and receive such moneys as shall have been apportioned to their respective counties, when the same shall become due; and each of said treasurers shall immediately give notice to the treasurer and clerk of each township in his county of the amount of school moneys apportioned to his township, and shall hold the same subject to the order of the township treasurer.

County treasurer to apply for moneys appropriated.

To notify township clerks of amounts.

(Section 52 of Act No. 206, Public Acts of 1893.) In case the township treasurer shall not collect the full amount of taxes required by his warrant to be paid into the township treasury, such portion thereof as he shall collect shall be retained by him to be paid out for the following purposes: The amount of school taxes collected to be paid on the order of the school district officers, the amount collected for general township purposes to be paid on the order of the township board, the amount collected for highway purposes to be paid on the order of the commissioner of highways countersigned by the township clerk or supervisor, and the amount collected for any special fund to be paid on the order of the proper officer; but in no case shall the amounts collected for any one fund be paid on the orders drawn on any other fund.

Either party may challenge any of the said jurors for the same causes as in civil actions. If more than twelve of said jurors in attendance shall be found qualified to serve as jurors, the officers in attendance and who issued the summons, or *venire*, for such jury, shall strike from the list of jurors a number sufficient to reduce the number of jurors in attendance to twelve; and in case less than twelve of the number so summoned as jurors shall attend, the sheriff or constable shall summon a sufficient number of freeholders to make up the number of twelve; and the officer issuing the summons, or *venire*, for such jury may issue an attachment for any persons summoned as a juror who shall fail to attend, and may enforce obedience to such summons, *venire*, or attachment, as courts of record or justices' courts are authorized to do in civil cases.

Attachment may issue to enforce obedience to process.

Jury to be sworn.

(§94.) SEC. 6. The twelve persons selected as the jury shall be duly sworn by the judge, commissioner, or justice in attendance, faithfully and impartially to inquire, ascertain and determine the just compensation to be made for the real estate required by such school district for such site, and the necessity for using the same in the manner proposed by such school district; and the persons thus sworn shall constitute the jury in such case. Subpœnas for witnesses may be issued, and their attendance compelled by such circuit judge, commissioner, or justice in the same manner as may be done by the circuit court or by a justice's court in civil cases. The jury may visit and examine the premises and, from such examination and such other evidences as may be presented before them, shall ascertain and determine the necessity for using such real estate in the manner and for the purpose proposed by such school district, and the just compensation to be made therefor; and if such jury shall find that it is necessary that such real estate shall be used in the manner or for the purpose proposed by such school district, they shall sign a certificate in writing, stating that it is necessary that said real estate, describing it, should be used as a site for a schoolhouse for such district, also stating the sum to be paid by such school district as the just compensation for the same. The said circuit judge, circuit court commissioner, or justice of the peace, shall sign and attach to, and endorse upon the certificate thus subscribed by the said jurors, a certificate stating the time when and the place where the said jury assembled, that they were by him duly sworn as herein required, and that they subscribed the said certificate. He shall also state in such certificate who appeared for the respective parties on such hearing

and inquiry, and shall deliver such certificates to the director or to any member of the district board of such school district.

(§95.) SEC. 7. Upon filing such certificates in the circuit court of the county where such real estate is situated, such court shall, if it finds all the proceedings regular, render judgment for the sum specified in the certificate signed by such jury, against such school district, which judgment shall be collected and paid in the manner as other judgments against school districts are collected and paid.

Collection of judgment.

(§96.) SEC. 8. In case the owner of such real estate shall be unknown, insane, *non compos mentis*, or an infant, or cannot be found within such county, it shall be lawful for the said school district to deposit the amount of such judgment with the county treasurer of such county, for the use of the person or persons entitled thereto; and it shall be the duty of such county treasurer to receive such money, and at the time of receiving it, to give a receipt or certificate to the person depositing the same with him, stating the time when such deposit was made, and for what purpose; and such county treasurer and his sureties shall be liable on his bond for any money which shall come into his hands under the provisions of this act, in case he shall refuse to pay or account for the same, as herein required: *Provided*, That no such money shall be drawn from such county treasurer, except upon an order of the circuit court, circuit court commissioner, or judge of probate, as hereinafter provided.

When owner is unknown, etc., money to be deposited with county treasurer may be drawn.

(§97.) SEC. 9. Upon satisfactory evidence being presented to the circuit court of the county where such real estate lies, that such judgment or the sum ascertained and determined by the jury as the just compensation to be paid by such district for such site, has been paid, or that the amount thereof has been deposited according to the provisions of the preceding sections, such court shall, by an order or decree, adjudge and determine that the title in fee of such real estate shall, from the time of making such payment or deposit, forever thereafter be vested in such school district and its successors and assigns, and shall, in and by such order or decree, award to such school district a writ of possession for the recovery of the possession of such real estate; a copy of which order or decree, certified by the clerk of said county, shall be recorded in the office of the register of deeds of such county, and the title of such real estate shall henceforth, from the time of making such payment or deposit, be vested forever thereafter in such school district and its successors and assigns in fee.

shall be directed to the sheriff of said county, and shall be tested and made returnable, and shall be substantially, so far as may be, in the same form provided for writs of possession in actions of ejectment; and it shall be the duty of such sheriff thereupon to remove the respondent or respondents in such proceedings, and all persons holding under them or either of them, from the real estate described in such decree and in such writ, and deliver the possession thereof with the appurtenances to such school district.

When jury disagrees, proceedings may be adjourned and new jury summoned.

(§99.) SEC. 11. In case the jury hereinbefore provided for shall not agree, another jury may be summoned in the same manner, and the same proceedings may be had, except that no further notice of the proceedings shall be necessary; but instead of such notice, the judge, commissioner, or justice may adjourn the proceedings to such time as he shall think reasonable, not exceeding thirty days, and shall make the process to summon a jury returnable at such time and place as the said proceedings shall be adjourned to. Such proceedings may be adjourned from time to time by the said judge or commissioner, or justice, on the application of either party and for good cause, to be shown by the party applying for such adjournment, unless the other party shall consent to such adjournment; but such adjournment shall not in all exceed three months.

Adjournments not to exceed three months.

In case the said schoolhouse site is encumbered by mortgage, levy, tax sale or otherwise, as aforesaid, the mortgagee or other parties claiming to be interested in said title shall severally be made a party to the procedure as aforesaid, and shall be authorized, upon the filing of the certificate of the jury in the circuit court of said county, to appear before the circuit judge and make proof relative to their proportionate claims to the said site, or the compensation to be made therefor as determined by said jury. And the said circuit judge shall, by decree, settle their several claims in accordance with the rights of the parties respectively, and may divide the sum awarded by said jury between the claimants as in his judgment will be equitable and right, rendering against said district a separate judgment for each of the amounts so awarded.

Duty of circuit judges.

How money deposited with county treasurer may be drawn.

(§101.) SEC. 13. The circuit judge, judge of probate, or circuit court commissioner of any county where any money has been deposited with the county treasurer of such county as hereinbefore provided, shall, upon the written application of any person or persons entitled to such money, and upon receiving satisfactory evidence of the right of such applicant to the money thus deposited, make an order directing the county treasurer to pay the money thus deposited with him to said applicant; and it shall be the duty of such county treasurer, on the presentation of such order, with the receipt of the person named therein endorsed on said order and duly acknowledged, in the same manner as conveyances of real

estate are required to be acknowledged, to pay the same; and such order, with the receipt of the applicant or person in whose favor the same shall be drawn, shall, in all courts and places, be presumptive evidence in favor of such county treasurer, to exonerate him from all liability to any person or persons for said money thus paid by him.

(§102.) SEC. 14. Circuit judges, circuit court commissioners, and justices of the peace, for any services rendered under the provisions of this act, shall be entitled to the same fees and compensation as for similar services in other special proceedings. Jurors, constables, and sheriffs shall be entitled to the same fees as for like services in civil cases in the circuit court.

In case any circuit judge, circuit court commissioner, or justice of the peace, who shall issue a summons or *venire*, for a jury, shall be unable to attend to any of the subsequent proceedings in such case, any other circuit court commissioner or justice of the peace may attend and finish said proceedings.

When judge, etc., unable to attend, another may finish proceedings.

CHAPTER IX.

APPEALS FROM ACTION OF INSPECTORS.

(§104.) SECTION 1. Whenever any five or more tax paying electors, having taxable property within any school district, shall feel themselves aggrieved by any action, order, or decision of the board of school inspectors, with reference to the formation, or any division, or consolidation of said school district, they may, at any time within sixty days from the time of such action on the part of said school inspectors, appeal from such action, order, or decision of said board of school inspectors to the township board of the township in which such school district is situated; and in case of fractional school districts notice of such appeal shall be served on the clerk of the joint boards of school inspectors who have made the decision appealed from, who shall, within five days, give notice thereof to the township boards of the several townships in which the different parts of said fractional school district are situated, who shall have power and whose duty it shall be, acting jointly, to entertain such appeal, and review, confirm, set aside, or amend the action, order, or decision of the board of school inspectors thus appealed from; or if in their opinion the appeal is frivolous or without sufficient cause, they may summarily dismiss the same.

CHAPTER X.

GRADED SCHOOL DISTRICTS.

(§107.) SECTION 1. Any school district containing more than one hundred children between the ages of five and twenty years may, by a two-thirds vote of the qualified voters present at any annual or special meeting, organize as a graded school district: *Provided*, That the intention to take such vote shall be expressed in the notice of such annual or special meeting. When such change in the organization of the district shall have been voted, the voters at such annual or special meeting shall proceed immediately to elect by ballot from the qualified voters of the district one trustee for the term of one year, two for the term of two years, and two for a term of three years, and annually thereafter a successor or successors to the trustee or trustees whose term of office shall expire: *Provided, also*, In all districts organized prior to the year eighteen hundred eighty-three, there shall be one trustee elected at the annual meeting for the year eighteen hundred eighty-three, and thereafter there shall be elected a trustee or trustees in the manner aforesaid, whose term of office shall be three years and until his or their successor or successors shall have been elected and filed his or their acceptance: *Provided, also*, That in the election of trustees and all other school officers, the person receiving a majority of all the votes shall be declared elected.

(§107.) Elections held in graded school districts wherein two trustees were balloted for at the same time on joint ballot, are void, and no person has been legally elected. It has frequently been held that, if a ballot contains the names of two persons for the same office, when but one is to be chosen, it is bad as to both. The election of two trustees on two separate ballots, would be good as to the first one chosen, and void as to the second. As it is the policy of the law to uphold elections where the choice of the people can be ascertained, the one first elected having received the necessary vote is the choice of the electors, and such action of the district is valid as to him. As the amendment of 1883 does not repeal Section 1, Act X, only so far as it is in conflict therewith, and as both statutes provide that trustees shall hold over until their successors shall be elected and qualified, the old board remain in office until a valid election is had. The law makes no provision for a special election for trustees of graded schools, hence where the regular election was void there can be no special election to fill the office. No election can be held without a law providing therefor, hence the law that both trustees hold over is in full force whenever there was a failure to elect, as provided by statute. Section 2, chapter 3, of the school law applies only to officers of district schools and not to trustees of graded schools, and only permits a special election where two vacancies exist. The trustees have no power under Section 2, chapter X, to appoint a trustee where there has been a failure to elect, but can only fill vacancies, as in case of death, resignation, or removal.—*Van Ripper, Atty. Gen., July 26, 1883.*

their number, till the next annual meeting. Whenever, in any case, the trustees shall fail, through disagreement or neglect, to elect the officers named in this section, within twenty days next after the annual meeting, the school inspectors of the township or city to which such district makes its annual report shall appoint the said officers from the number of said trustees.

(109.) SEC. 3. It shall be the duty of the board of trustees of any graded school district:

First, To classify and grade the pupils attending school in such district, and cause them to be taught in such schools or departments as they may deem expedient;

Second, To establish in such district a high school, when ordered by a vote of the district at an annual meeting, and to determine the qualifications for admission to such school and the fees to be paid for tuition in any branches taught therein: *Provided*, That when non-resident pupils, their parents, or guardians, shall pay a school tax in said district, the same shall be credited on their tuition a sum not to exceed the amount of such tuition; and they shall only be required to pay tuition for the difference between the amount of the tax and the amount charged for tuition;

Third, To audit and order the payment of all accounts of the director for incidental or other expenses incurred by him in the discharge of his duties; but no more than fifty dollars shall be expended by the director in any one year for repairs of the buildings or appurtenances of the district property, without the authority of the board of trustees;

Fourth, To employ all qualified teachers necessary for the several schools, and to determine the amount of their compensation, and to require the director and moderator to make contracts with the same on behalf of the district, in accordance with the provisions of law concerning contracts with teachers;

Fifth, To employ such officers and servants as may be necessary for the management of the schools and school property, and prescribe their duties and fix their compensation;

Sixth, To perform such other duties as are required of district boards in other school districts.

(§110.) SEC. 4. No alteration shall be made in the boundaries of any graded school district, without the consent of a majority of the trustees of said district, which consent shall be spread upon the records of the district and placed on file in the office of the clerk of the board of school inspectors of the township or city to which the reports of said district are made;

(§109, ¶2.) The question is as to whether the board of trustees of a graded school can employ a music teacher who has not passed the regular examination required of other teachers and received a certificate required by section 5153 of Howell's Statutes (Sec. 4, Chap. 11, School Laws)? It would be most difficult to imagine that an examination in the several branches and studies specified in the statutes would show sufficiently the qualifications of the applicants to teach either music or drawing. I do not think the statutes applicable to such teachers, nor does there appear to be any which is. The board probably has and will be held by the courts to possess such authority, still it is not a question free from doubt, and additional legislation may be desirable.—*Taggart, Attorney General, July 26, 1886.*

and graded school districts shall not be restricted to nine sections of land.

(§111.) SEC. 5. Whenever two or more contiguous districts having together more than one hundred children between the ages of five and twenty years, after having published in the notices of the annual meetings of each district the intention to take such action, shall severally, by a vote of two-thirds of the qualified voters attending the annual meetings in said districts, determine to unite for the purpose of establishing a graded school district under the provisions of this chapter, the school inspectors of the township or townships in which such districts may be situated shall, on being properly notified of such vote, proceed to unite such districts, and shall appoint, as soon as practicable, a time and place for a meeting of the new district, and shall require three notices of the same to be posted in each of the districts so united, at least five days before the time of such meeting; and at such meeting the district shall elect a board of trustees, as provided in section one of this chapter, and may do whatever business may be done at any annual meeting.

Such districts not restricted in size.

Two or more districts can unite and form a graded school district.

Notice of meeting.

(§112.) SEC. 6. Whenever the trustees of any organized graded school district shall be presented twenty days before the annual meeting thereof, with a petition signed by ten electors of said district, stating that it is the desire of said petitioners that, at the annual meeting of said school district, there shall be submitted to said annual meeting the proposition to change from a graded school district to one or more primary school districts, the said trustees shall, in their notice of such annual meeting, state that the proposition set forth in said petition will be presented to said meeting; and if two-thirds of the qualified voters present at said meeting shall vote to change to one or more primary school districts, such change shall be made; and it shall be the duty of the board of school inspectors of the township or townships in which such district is situated, upon being duly notified of such vote, to proceed to change or divide such district as determined by such annual meeting, and they shall provide for the holding of the first meeting in the or each of the proposed primary school districts in the same manner as is provided for by law for the organization of primary school districts; and whenever a fractional graded school district shall be so changed, the township boards of school inspectors of the respective townships where such graded school district is situated, shall organize the said district into one or more primary school districts, as provided by law.

EXAMINATION OF TEACHERS AND SUPERVISION OF SCHOOLS.

(§126.) SECTION 1. At the meetings of the several boards of supervisors of the different counties of the State to be held on the fourth Monday in June, eighteen hundred ninety-one, the said several boards of supervisors shall elect a county commissioner of schools for their respective counties, whose term of office shall commence on the fourth Tuesday of August next following, who shall hold his or her office until the first day of July, eighteen hundred ninety-three, or until his or her successor shall be elected and qualified. Said board of supervisors shall also on said fourth Monday of June, appoint two persons as school examiners, who, together with said commissioner of schools, shall constitute a board of school examiners. One of said school examiners shall be appointed for a period of one year and the other for a period of two years, from and after the second Monday of October next after their appointment, or until their successors have been appointed and qualified. And thereafter such boards of supervisors shall, at each annual session, appoint one examiner, who shall hold his office for a period of two years, or until his successor shall have been appointed and qualified. Any person shall be eligible to the office of examiner who shall hold at least a third grade certificate and has taught in the public schools at least nine months, or who has the qualifications required of commissioners in section three of this act, except an experience of twelve months as teacher. In case a vacancy shall occur at any time in the office of school examiner, the judge of probate, together with the board of school examiners of the county in which such vacancy shall have occurred, shall within ten days after the occurrence of such vacancy, appoint some suitable person to fill such vacancy; and the person so appointed shall hold the office for the unexpired portion of the term, or until his or her successor is appointed and has qualified. NOTE.

APPORTIONMENT OF SURPLUS DOG TAX TO SCHOOL DISTRICT.

Under the provisions of act No. 198, public acts of 1877, as amended by act No. 283 of the public acts of 1881, it is required that in all the townships and cities of the State there shall annually be levied and collected a tax of one dollar upon every male dog and of three dollars upon every female dog. The money thus obtained is to constitute a fund in the several townships and cities for the payment of damages sustained by owners of sheep by reason of having such sheep killed or wounded by dogs. Section six of the law referred to provides that, "If money remains of such fund after satisfactory payment of all claims aforesaid in any one year, over and above the sum of one hundred dollars, it shall be apportioned among the several school districts of such township or city in proportion to the number of children therein of school age." The apportionment must be based upon the whole number of children of school age residing in the township, and include all districts whether lying wholly or partly in such township. In case of a fractional district in which the schoolhouse is situated in a different township, the money belonging to such district must be paid over to the treasurer of the township in which the schoolhouse is situated, and by that treasurer paid to the district in the same way as in the case of the one-mill and other taxes.

Act 141 of the Public Acts of 1891 repeals Act number 214, Public Acts of 1889, providing that, if in any city and any township or part of township adjoining thereto (the same being within one county) any money remains in the fund for payment of losses by killing of sheep by dogs "after the payment of the orders payable out of the same, and the amount of said money shall exceed the sum of two hundred dollars, the sum in excess of two hundred dollars shall be apportioned by said county treasurer to the said township, or part of township, and said city, in proportion to the amount contributed to said fund during the preceding year; and the amount so apportioned to any said township, or part of township or said city, shall be respectively apportioned among the several school districts of said township, or part of township, and said city, in proportion to the number of children therein of school age." The distribution of the surplus will hereafter be made in accordance with the provisions of section 6 of Act No. 198, Public Acts of 1877; as amended by Act No. 283 of the Public Acts of 1881.

APPENDIX A.

DIGEST OF DECISIONS OF THE SUPREME COURT.

I.

TOWNSHIP BOARD OF SCHOOL INSPECTORS.

¶1. The statutory notice of meetings by inspectors must be given, stating the object of the meeting; and no business at a meeting inconsistent with the notice is lawful.—[*Passage v. School Inspectors of Williamstown*, 19 Mich., 330.

¶2. The township board of school inspectors have no power to dissolve a school district erected by special act of the legislature, and to set back the territory into the districts from which it was taken.—[*School District v. Dean*, 17 Mich., 223.

¶3. On the erection and organization of a new township, the inspectors of such township may sever its territory from the school district within which it was formerly embraced; and there is no general provision of law which charges the property within the new township with the obligation to pay any debts created for school purposes which existed at the time of the erection of the new township.—[*School District No. 1 of Portage v. Ryan*, 19 Mich., 203.

¶4. *Mandamus* will not be granted to disturb an apportionment made by the township board of school inspectors between different districts, acquiesced in for several years and which, if the court could change it, has no proof that it ought to.—[*School District No. 3 of Riverside Township v. the Township of Riverside*, 67 Mich., 404.

II.

APPEALS FROM ACTION OF SCHOOL INSPECTORS.

¶5. Under the statute providing for appeals from the board of school inspectors to the township board, the approval of the appeal bond is essential to complete an appeal; and the fact that the bond was presented to the clerk of the board of inspectors, who refused to approve it because it was not witnessed, even though the objection be a frivolous one made

in bad faith and for vexation, will not render the bond sufficient without an approval, since, under the statute, it may be approved also by any justice of the township.—[*Clement v. Everest*, 29 Mich., 19.

¶6. The validity of the action of school inspectors in changing the boundaries of school districts, is not affected by the fact that the inspectors were interested parties as taxpayers and residents; the disabling doctrine has no application to those administrative acts which are public and not with or between private parties.—[*Ibid.*

¶7. The regularity of the action of school inspectors in creating or changing school districts, will not be enquired into in a collateral proceeding; their action is the exercise of a public discretionary power which can only be reviewed, if at all, by some direct appellate process authorized by law and operating upon the proceedings themselves to affirm, reverse, or change them.—[*Ibid.*

¶8. Parties appealing under the statute from the action of school inspectors in arranging school districts, to the township board, thereby waive those questions which require judicial review and submit themselves to the discretion of that body; and a *certiorari* to the township board does not open for review the doings of the inspectors.—[*Brody v. Township Board of Penn.*, 32 Mich., 272.

¶9. It was never intended that a court should exercise any of these powers of discretionary administration; and when, on such appeal, the township board acted within its jurisdiction, its discretion cannot be reviewed by the courts; and if it did not, and its acts were void, then under the statute the action of the inspectors, after ten days, is equally intact and beyond disturbance.—[*Ibid.*

¶10. Where, however, the township board acting without authority, reverses the action of the inspectors, their doings may be overturned; but an order of the board affirming the action of the inspectors, whether properly or improperly, only leaves such action where it would have been without such interference.—[*Ibid.*

¶11. A township board has jurisdiction of appeals from decisions of the board of school inspectors, fixing the amount to be paid by an old school district to a new one, where the latter comprises part of the same territory and the former retains the school property.—[*School District No. 5 of Pine Township v. Wilcox*, 48 Mich., 404.

¶12. The statute requires that, in case of a proposed alteration of a fractional school district, the notice shall be posted by the clerk of each interested township, and that it shall be posted in each of such townships. Proof of posting such notice should be filed with the clerk of the board before any action is taken.—[*Graves v. Joint Board of School Inspectors of Benton and Grant Townships*.

III.

TOWNSHIP BOARDS.

¶13. An application to a township board to remove the moderator of a school district, on the ground that he persistently refuses to countersign an order drawn by the director of the district on the assessor, involves an

inquiry in which the payee named in the order is an interested party.— [*Stockwell v. Township Board of White Lake*, 22 Mich., 341.

¶14. A proceeding before the township board to remove an officer of a school district, is in the nature of a judicial investigation; and when one of the board is interested in the subject of the complaint and the presence of such member is essential to the quorum, the proceedings are void.— [*Ibid.*

¶15. When either of the members of the township board is interested in the subject for consideration, he is not "competent or able to act," in the sense of the statute; and such incompetency will justify the calling in of one of the remaining justices.— [*Ibid.*

¶16. Every special tribunal appointed by law is subject to the maxim that no person can sit in any cause in which he is a party or in which he is interested.— [*Ibid.*

¶17. The removal of a school district assessor by the township board is reviewable on *certiorari*.— [*Merrick v. Township Board*, 41 Mich., 630.

¶18. Costs awarded by the supreme court in a proceeding by *certiorari* against persons composing a township board, to review their official acts, are to be collected like township charges and not by execution against the officers personally.— [*Stockwell v. Township Board of White Lake*, 22 Mich., 341.

¶19. Proceedings by a township board to remove a school director are not invalidated by the fact that it did not meet to agree on the notice under which the proceedings were taken.— [*Wenzell v. Township Board of Dorr*, 49 Mich., 25.

¶20. The primary school law does not authorize the township board to remove the moderator for hiring her husband to teach the district school and agreeing to pay him more than is necessary to secure a better teacher.— [*Hazen v. Town Board of Akron*, 48 Mich., 188.

¶21. In providing that the school director shall keep the necessary schoolhouse furniture in due order and condition, and that his expenses shall be subsequently audited and paid, it is not intended that money must be put into his hands beforehand.— [*Township Board of Hamtramck v. Holihan*, 46 Mich., 127.

¶22. The township board is exclusive judge of the facts on which it is authorized to remove a school director, and its proceedings can only be reviewed by the circuit and supreme courts, on questions of law.— [*Ibid.*

¶23. Proceedings by a township board to remove a school director cannot properly be taken until the action of the proper authorities has been invoked by complaint of some definite violation of duty; but where the plaintiff admits the charges set up against him and expressly desires the board to act on them without further delay, he cannot afterwards complain that they did so.— [*Geddes v. Township of Thomastown*, 46 Mich., 316.

¶24. The action of a township board in removing a school director is final, unless speedily brought up for review.— [*Ibid.*

¶25. The wilful refusal of a school director to sign a contract made with a teacher, or to accept and file it, or draw orders for the teacher's pay while it is pending, and his obstinate neglect to furnish necessary schoolhouse supplies, may be taken into account in proceedings for his removal.— [*Ibid.*

IV.

ORGANIZATION OF SCHOOL DISTRICTS.

¶26. There should be some special and extraordinary reason to justify interference by *quo warranto* with the organization of a school district, as the statutes provide a speedier remedy by an appeal from the inspectors to the township board.—[Lord v. Every, 338 Mich., 405.

¶27. When a school district has enjoyed its franchises for five years, during most of which time proceedings to enquire into the validity of the organization had been pending by *quo warranto* and writ of error, instead of the speedier statutory process of appeal, the supreme court declined to review its organization on technicalities.—[Ibid.

¶28. The legal organization of a school district actually exercising its corporate powers cannot be collaterally questioned in contesting a title based on a school tax.—[Stockle et al. v. Silsbee, 41 Mich., 615.

¶29. A *certiorari* to review proceedings whereby a new school district has been created out of old districts, must be applied for before the district has been organized and assumed the functions of a corporation; after that time the proper course is to take measures to try the legality of its corporate existence by *quo warranto*, or other direct proceeding against the alleged corporation or its officers.—[Fractional School District No. 1 of Owosso, etc., v. School Inspectors of Owosso, etc., 27 Mich., 3.

¶30. *Certiorari* addressed to the assessor of a school district is wholly unsuited as a remedy to test the legal organization and existence of the district, as the errors, if any there are, lie back of any action of the assessor and are to be found in the action of the township authorities.—[Jaquith v. Hale, 31 Mich., 430.

¶31. It has always been the policy of the Michigan school laws that no primary school district should contain more than nine sections of land.—[Simpkins et al. v. School District No. 1 of Michiganamme et al., 45 Mich., 559.

¶32. Township school inspectors cannot enlarge a graded school district by adding unorganized territory, though they may, with the consent of the trustees, transfer to its jurisdiction territory previously organized into primary districts.—[Ibid.

¶33. Injunction lies to restrain the sale for school taxes, of lands unlawfully included within the taxing district.—[Ibid.

¶34. A writ of *certiorari* to bring up proceedings for the formation of a school district will not be sustained, if, after its issue and without good reason, it has been allowed to sleep until the organization has been completed, a tax voted, and contract made for building a schoolhouse, and interests established which cannot be overturned without public inconvenience and injury and individual damage.—[Parman v. Board of School Inspectors, 49 Mich., 63.

¶35. Where *certiorari* issues to bring up proceedings for the formation of a school district, the papers on which it was allowed must be served with it.—[Ibid.

¶36. Where there has been actual notice of proposed proceedings by joint boards for the formation of a new school district out of several old ones, mere informalities in the issue of such notice are not jurisdictional defects, nor is the fact that it covers territory not actually taken.—[*Ibid.*

¶37. The statutory requirement for notice of the meeting of a township board of school inspectors to alter the boundaries of a school district, is jurisdictional; and proof of posting of such notice should be filed with the clerk of the board, before any action is taken.—[*Coulter et al. v. Board of School Inspectors of Grant and Arthur Townships*, 59 Mich., 391.

¶38. In the absence of the consent of the owners of lands which have been taxed for building a schoolhouse, within three years last preceding the date of their proposed transfer to another district, such transfer is illegal; and the fact that the detached territory was not at the same time attached to another district will not legalize such transfer.—[*Ibid.*

¶39. The statutory requirement for notice of the meeting of a township board of school inspectors to alter the boundaries of a district, is jurisdictional; and until such notice has been given and proof of posting made, as required by law, the inspectors have no power to act.—[*Fractional School District No. 3 of Martin, Watson, and Wayland Townships v. Boards of School Inspectors of said Townships*, 63 Mich., 611.

¶40. Where a *de facto* school district has exercised its franchises and privileges for over two years, it is presumed to have been legally organized, and it is too late to litigate that question in law or equity.—[*School District No. 3 of Everett Township v. School District No. 1 of Wilcox Township*, 63 Mich., 51.

¶41. The statutory provision requiring the town clerk to give notice of every meeting of the board of school inspectors of his township existing prior to the 1881 amendment, was imperative, and the apportionment by the inspectors of the valuation of school property on the formation of a new district, at a meeting held without such notice, was void; and a bill in equity will lie in the name of the old district to enjoin the assessment and collection of a tax to satisfy the amount so apportioned as its share of such valuation.—[*Ibid.*

¶42. A township board of school inspectors may, under one notice and at one meeting, by separate action, detach lands from separate school districts and attach them to one district.—[*Doxey v. The Township Board of School Inspectors of Martin Township*, 67 Mich., 601.

¶43. Where the action of a board of school inspectors in detaching territory from a district without the consent of a majority of the resident taxpayers and attaching it to another district, left land enough in the former for school purposes, they may afterwards consolidate such remaining territory, with the consent of its remaining taxpayers, with any other district which gives a like consent.—[*Ibid.*

¶44. At a school meeting to vote on the question of dissolving the district, 18 votes were cast in favor of the proposition and 9 against it. Every person present who possessed the qualifications of a voter at any school meeting was allowed to vote, without reference to sex, or whether or not he or she was a resident taxpayer. Ten or more persons who were not resident taxpayers voted, and some of the legal taxpayers did not vote,

and some were not present. *Held*, that the consent of a majority of the resident taxpayers had not been obtained as required by Howell's Statutes, §5041.—[Briggs v. Borden et al. School Inspectors, 38 N. W. Rep., 712.

¶45. A bill will lie, at the suit of a resident taxpayer, to restrain the board of school inspectors from selling a schoolhouse and site, furniture, etc., under color of a void attempt to dissolve the district to which such schoolhouse, etc., belongs.—[*Ibid*.

¶46. Under Howell's Statutes §5041 providing that school districts cannot be divided or consolidated without the consent of a majority of the resident taxpayers of each district, a return by the board of school inspectors stating that the persons consenting are a majority of the resident taxpayers of the districts, is conclusive as to such fact, though the consent filed by the districts does not state that the persons are a majority.—[Gentle v. Board of School Inspectors of Colfax Township, 40 N. W. Rep., 928.

¶47. Proceedings for organizing a new school district, taken without giving the full ten days' notice required by Howell's Statutes §5040, are not rendered valid by filing of a consent by a majority of the citizens of each district affected, such consent being required by §5041, as the notice is a jurisdictional requirement and the minority have a right to be heard and a right to the full notice required.—[*Ibid*.

¶48. *Quo warranto* is the proper remedy to determine the legal existence of a school district, and the right of particular persons to exercise the offices of moderator, assessor, and director.—[*People ex rel., Roser et al., v. Gartland Moderator et al.*, 42 N. W. Rep., 687.

¶49. Under Howell's Statutes §5033 providing that no school district shall contain more than nine sections of land, a district containing five full sections and eight fractional sections, the whole not exceeding in quantity of land nine full sections, is legal.—[*Ibid*.

¶50. The statutory provision concerning the election of school district officers by ballot is mandatory; but where such officers have been unanimously elected by *vive voce* vote at a regular meeting, no other persons claim to have been elected, and they are qualified and are acting, they will not be ousted by *quo warranto*.—[*Ibid*.

V.

DISTRICT MONEYS, WARRANTS AND ORDERS.

¶51. An action for money had and received will lie in favor of a school district to recover district moneys received by its assessor, and which after expiration of his term of office he refuses on demand to pay over to his successor, and an action upon the assessor's bond is not the exclusive remedy; the bond is required as additional security, but it does not supersede the officer's individual responsibility.—[*Mason v. Fractional School District No. 1 of Scio and Webster*, 34 Mich., 228.

¶52. An assessor cannot lawfully withhold the district funds in his hands, when the same are properly demanded by his successor a fort-

night after the latter has been regularly elected and has accepted and qualified, upon any claim that he is entitled to be first personally notified officially of such election and acceptance; he is chargeable with notice of these facts without any personal certification thereof.—[*Ibid.*

¶53. An official treasurer cannot defend an action to make him turn over to his successor the funds in his official custody, upon any questions of the regularity of the proceedings whereby the funds came into his possession.—[*Ibid.*

¶54. The assessor of a school district is the lawful treasurer and depository of school district funds, and all moneys must pass through his hands and be paid out by him on proper orders.—[*School District No. 9 of Midland v. School District No. 5 of Midland, 40 Mich., 551.*

¶55. A showing of a want of funds is a complete answer to an application for *mandamus* to require an assessor of a school district to pay an order drawn on him in favor of a school teacher.—[*Allen v. Frink, 32 Mich., 96.*

¶56. It is not necessarily the duty of the moderator of a school district to countersign an order upon the assessor drawn by the director. He has a right to satisfy himself that the claim for which it was drawn is a valid one, and that it was drawn by the director in the proper performance of his duty.—[*Stockwell v. Township Board of White Lake, 22 Mich., 341.*

¶57. The disbursement of all school moneys is required by the statute to be made by orders drawn on the assessor by the director and countersigned by the moderator; and all moneys belonging to the district in the town treasurer's hands are required to be paid to the assessor on warrants drawn by the director and countersigned by the moderator. The assessor is made treasurer of the district, and required to hold all district moneys until properly drawn out by warrant. It is made the express duty of the director to draw and sign warrants upon the township treasurer, payable to the assessor, for all moneys raised for district purposes or apportioned to the district by the township clerk, and present them to the moderator to be signed; and it is made the duty of the moderator to countersign such warrants.—[*Burns v. Bender, 36 Mich., 195.*

¶58. District moneys in the hands of the township treasurer are not subject to be applied to any district purpose, except through the hands of the assessor. And the duty of suing to thus transfer them into the custody of the assessor, if qualified, is laid on the director; and the duty of procuring this transfer within some reasonable time is not discretionary, but absolute. The moderator is bound under ordinary circumstances to countersign all orders of the director for that purpose; and if he refuses in a proper case to do so, *mandamus* will lie to compel him.—[*Ibid.*

¶59. The statute making it the duty of the director to present the warrant to the moderator for signature, he may properly be a relator to obtain it by compulsion of law, when refused. He is the proper custodian of the completed warrant, for the purpose of delivery to the assessor.—[*Ibid.*

¶60. The query is suggested, whether the assessor would not also be a competent relator.—[*Ibid.*

¶61. The town treasurer has no authority to make payments of district moneys, even to the assessor, except upon the warrant prescribed by statute; and no payment not authorized by warrant is a valid official payment, such as to preclude the district from holding him responsible for moneys lawfully in his hands. Payments made otherwise than in the prescribed mode, are made in his own wrong and cannot diminish the fund for which he is responsible.—[Ibid.]

¶62. Respondent occupying the double position of moderator and town treasurer, is not thereby authorized to set up his previous illegal disbursements of the district moneys as treasurer as an excuse for not doing his duty as moderator; his double functions will not relieve him in one capacity from doing his duty in another.—[Ibid.]

¶63. Warrants drawn by the officers of school districts upon the township treasurer for school moneys are not negotiable, and the treasurer is under no obligation to pay them except to the district assessor.—[Fox v. Shipman, 19 Mich., 218.]

¶64. An order drawn upon the township treasurer by the director and countersigned by the moderator of a school district, payable to A, or bearer, is void upon its face. The director has no power to draw any order on the township treasurer for any money of the district in his hands, payable to any one but the district assessor, who is the disbursing officer of the district.—[Fractional School District No. 4 of Macomb and Chesterfield v. Mallary, 23 Mich., 111.]

¶65. The statute expressly requiring the township treasurer to pay the amount of taxes raised for school purposes to the order of the school district officers, his liability therefor is distinct from his ordinary liability for township moneys, and cannot be released or in any way affected by the action of the township board.—[Jones v. Wright, 34 Mich., 371.]

¶66. A township treasurer has no right to receive for school moneys anything which the law has not authorized to be so received, and if he chooses to do so and to receipt for the taxes, he must make good the amount.—[Ibid.]

¶67. A town treasurer can pay school moneys only to the school district assessor, and then only on the warrant of the proper district officers.—[School District No. 9 of Midland v. School District No. 5 of Midland, 40 Mich., 551.]

¶68. A school district at an annual meeting may lawfully recognize and pay equitable claims, even though they are not strictly legal demands, against it.—[Stockdale v. School District No. 2 of Wayland et al., 47 Mich., 226.]

¶69. A vote to issue school district bonds in settlement of a demand, if in excess of the limit fixed by law, may be sustained up to the legal limit.—[Ibid.]

¶70. A corporate act which can only be taken by a two-thirds vote, cannot be rescinded by a bare majority.—[Ibid.]

¶71. School orders, payable to bearer, when sold without endorsement at a discount, and it not appearing that the vender was asked or made any representations as to their character or consideration, it was held that in the absence of false representations or of fraud, the purchasers took them for what they were worth and had no cause of action against the vendor.—[White et al. v. Robinson, 50 Mich., 73.]

¶72. A *mandamus* will lie to compel a township treasurer to pay to the assessor of a school district so much of the money in his hands as is covered by the warrant of the director of the district, drawn in favor of the assessor and in proper form, even though it does not specify a precise sum, but is for all such money in his hands as was raised for the purposes of the school district and belonged thereto.—[*Bryant v. Moore*, 50 Mich., 225.

¶73. The custodian of public funds is bound to make payments on a proper warrant to the extent of the moneys lawfully in his hands and cannot refuse on the ground that his right to the custody of the remainder is disputed.—[*Ibid.*

¶74. *Mandamus* to compel the payment of money may be granted so far as concerns a portion of the demand, while as to the rest the application is dismissed.—[*Ibid.*

¶75. When the moderator and assessor of a school district are sued upon an order signed by them, a finding that it was signed on a false and fraudulent statement that the school director approved and would sign it, and on condition that it should be of no force unless he did sign it, and the farther finding that there was no purpose to contract except for the district, defeats an action thereon in the absence of any showing of subsequent action creating contract relations, or of any action by defendants taken with the knowledge of the facts and estopping them personally.—[*Kane v. Stowe*, 50 Mich., 317.

¶76. *Mandamus* to compel a school district assessor to pay a school order was allowed where the court was satisfied there was no valid defense.—[*Martin v. Tripp*, 51 Mich., 184.

¶77. Interest from the time of demand may be allowed in granting *mandamus* for the payment of a school order, when it is such a settled demand as would sustain a recovery of interest at law.—[*Ibid.*

¶78. *Mandamus* will lie on relation of a school district assessor to compel the clerk of a township to which the district formerly belonged, to certify to the supervisor of the township to which it now belongs, the amount ascertained by the school inspectors as due to the new district from what remained of the old district out of which it was erected.—[*Ramsey v. Clerk of Everett Township*, 52 Mich., 344.

¶79. A town treasurer refusing to pay a warrant drawn in favor of the assessor, whose official character is not questioned, on the ground that the moderator, who has been recognized as such by the other district officers, is not a legal officer, assumes a serious responsibility. The court issued a *mandamus* requiring the town treasurer to pay the order.—[*School District No. 8 of Tallmadge Township v. Root, Town Treasurer*, 61 Mich., 373.

VI.

TEACHERS' CONTRACTS AND CERTIFICATES.

¶80. When a contract for hiring a teacher has been signed by the director of the school district and by the teacher, and the moderator writes upon it "approved," and subscribes it as moderator, such approval and signature will be treated as in legal effect a signature of the contract

by such moderator.—[*Everett v. Fractional School District No. 2 of Cannon*, 30 Mich., 249.

¶81. The provision of the statute that the contract for hiring a school teacher shall require the teacher to keep a correct list of the pupils and the age of each attending the school, etc., imposes the duty upon the teacher of keeping such list; and this becomes in legal effect a part of his contract, whether the written contract expressly stipulates for it or not.—[*Ibid.*

¶82. The provision of the statute requiring the keeping of a list of pupils, etc., to be inserted in the contract is merely directory and does not render invalid a contract from which such requirement has been omitted, provided it be good in other respects and entered into in good faith.—[*Ibid.*

¶83. A school district is a municipal corporation and cannot be garnisheed, even by its own consent, unless the debtor also consents.—[*School District No. 4 of Marathon v. Gage*, 39 Mich., 484.

¶84. It is against public policy to allow the wages of persons in public employments to be reached by garnishment.—[*Ibid.*

¶85. School management should always conform to those decent usages which recognize the propriety of omitting to hold public exercises on recognized holidays; and it is not lawful to impose forfeitures or deductions for such proper suspension of labor. All contracts for teaching during periods mentioned must be construed of necessity as subject to such days of vacation, and there can be no penalty laid upon such observances, in the way of forfeitures or reductions of wages.—[*School District No. 4 of Marathon v. Gage*, 39 Mich., 484. [NOTE.—The legal holidays established by statute are New Year's day (January 1), Washington's birthday (February 22), Decoration day (May 30), Independence day (July 4), Labor day (first Monday in September), Christmas day (December 25), and any day appointed by the president or governor as a day of fasting and prayer or of general thanksgiving. Whenever a legal holiday falls on Sunday, the Monday next succeeding is to be observed instead.—[Act No. 124, Laws of 1865, as amended by act No. 163, Laws of 1875, and by act No. 208, Laws of 1881.

¶86. If a teacher is employed for a definite time, and, during the period of his employment, the district officers close the schools on account of the prevalence of contagious diseases, and keep them closed for a time, and the teacher continues ready to perform his contract, he is entitled to full wages during such period. The act of God is not an excuse for non-performance of a contract, unless it renders performance impossible; if it merely makes it difficult and inexpedient, it is not sufficient. Although under such circumstances it is eminently prudent to dismiss school, yet this affords no reason why the misfortune of the district should be visited upon the teacher.—[*Dewey v. Union School District of Alpena*, 43 Mich., 480.

¶87. The statute empowers the board of trustees of a graded school district to employ all teachers necessary, and what teachers are necessary is left to be decided by the sound discretion of the trustees. The making of a contract with a teacher is within the authority of the board of trustees, and, when made, neither of the trustees nor the voters at an

annual meeting have power to impair its obligation.—[Tappan v. School District No. 1 of Carrollton, 44 Mich., 500.]

¶88. In a suit by a teacher on a contract, the plaintiff is not bound to produce the contract as proof of her certificate of qualification, and it is not error to allow her to give parol proof that she has one.—[School District No. 1 of Manistee Township v. Cook, 47 Mich., 112.]

¶89. In an action by a teacher on a contract, where it was alleged as error that the contract was allowed in evidence without proof that those who acted for the school district in making it were not authorized, it was held that this allegation did not sufficiently present the objection that the officers of the district were not competent to bind it by a contract extending beyond the current year, especially as there was evidence that the officers were in possession and presumptively competent, and there was no evidence that they were not authorized to employ teachers.—[Ibid.]

¶90. A school teacher cannot be lawfully employed, excepting at a meeting of the board.—[Hazen v. Lerche, 47 Mich., 626.]

¶91. A contract with a teacher, if signed by a majority of the board, is presumptively valid on its face and admissible in evidence without further proof. The payment by the assessor without objection, of orders drawn on him by the director and moderator for salary of teacher, estops the district from denying validity of contract under which such services were rendered, and amounts to a ratification of the contract; and direct proceedings by the district board are not essential to such ratification.—[Crane v. School District No. 6 of Bennington Township, 61 Mich., 299.]

¶92. A teacher's contract is sufficiently executed, if signed by the director and assessor. Simultaneous signing is not necessary.—[Holloway v. School District No. 9 of Ogden Township, 62 Mich., 153.]

¶93. School district officers should know under what authority a teacher assumes to act, and cannot by failing to hold meetings, set up their own wrong as a defense to an honest claim. A contract signed by the required number of officers, under which the teacher is permitted to teach, with knowledge of the entire board, will be presumed valid. A contract valid on its face and fully performed, with acquiescence of all concerned, cannot be repudiated.—[Ibid.]

¶94. Although Howell's Statutes, §4969, declares that a certificate from the State Normal School shall serve as a certificate of legal qualification to teach when filed in the county, city, township, or district; failure to file it until after making a contract to teach is no defense to an action for salary earned after it was filed.—[Smith v. School District No. 2 of Pleasant Plains, 39 N. W. Rep., 567.]

¶95. The general policy of the school law is that schools shall be taught by qualified teachers, but necessities may arise where this cannot be done. A district may be unable to find a qualified teacher. Where the employment of an unqualified teacher is a necessity, the school district is authorized to employ one who has not the proper certificate, if the school board are satisfied that the teacher is otherwise qualified, and to pay such teacher out of the moneys belonging to the district. But the primary school moneys and mill tax cannot be applied to that purpose.—[State ex rel. Hale v. Risley, Moderator, 37 N. W. Rep., 570.]

¶96. Under Howell's Statutes, §5154, which provides that the secretary of the board of school examiners shall have power to grant special

certificates of qualification to teachers which shall not continue in force beyond the next public examination by the board, the secretary has no power four days after such examination, to grant a special certificate to a person who had been teaching under a special certificate granted by the secretary, but who failed to pass the public examination.—[Lee v. School District No. 2 of Alcona Township, 38 N. W. Rep., 867.]

¶97. The fact that a third person, at a public examination of teachers, acted with a majority of the board of examiners in conducting the examination, does not invalidate the proceedings; and a person who failed to pass cannot complain where it does not appear that such third person had anything to do with her failure to get a certificate.—[Ibid.]

¶98. How. Stat., Sec. 5065, provides that no contract with any person not holding a legal certificate of qualification then authorizing such person to teach, shall be valid. The question here presented is not at all analogous to that before the court in Crane v. School District, 61 Mich., 299, or in Holloway v. School District, 62 Mich., 153, where the question related to the informality in the execution of the contract. But the alleged contract in the case was, under the facts as they existed, prohibited by law and cannot be made the basis of a recovery.—[Goose River Bank v. School Township, 44 N. W. Rep., 1002; Hosmer v. School District, 59 N. W. Rep., 1035; Will R. Bryan v. Fractional District No. 1 of the Townships of Shelby and Sterling.]

VII.

LIABILITIES OF DISTRICTS.

¶99. The director of a school district is not legally entitled to compensation from the district for his services.—[Hinman v. School District No. 1, 4 Mich., 168. [NOTE.—The law is since changed so as to authorize compensation to be voted by the district. General School Laws of 1889, §27.]

¶100. Where two districts are united under the statute, the new district is alone liable for all the former debts of each; and a judgment afterwards rendered against one of the former districts is a nullity.—[Brewer v. Palmer, 13 Mich., 104.]

¶101. Charts or cards containing the multiplication table, practical forms of business contracts, and also brief mention of prominent historical events, and designed for use in school rooms, are held not to be necessary appendages for the schoolhouse, within the meaning of the statute, such as the director is required to provide.—[Gibson v. School District No. 5 of Vevay, 36 Mich., 404.]

¶102. There was no such necessity for the purchase of these charts as would bring the case within the principles of School District v. Snell (see ¶103), 24 Mich., 350.—[Ibid.]

¶103. The purchase of these charts by the director, without instruction from the district board, being unauthorized and void as to the district, his retention of them, and occasionally placing them in the school-

house, could not operate as a ratification by the district of his unauthorized purchase.—[Ibid.]

¶104. Orders due from one district to another are not enforceable by *mandamus* at the suit of one to whom they have been assigned.—[Maltz v. Board of Education, 41 Mich., 547.]

¶105. Where the officers of a school district purchased for the district a set of bound books and some blanks, suitable for the purposes of the district, at their fair value, and while the district was not properly supplied with such material, in the absence of any showing that the discretion of such officers was abused or exceeded, the district is liable.—[School District No. 4 of Easton v. Snell, 24 Mich., 350.]

¶106. One school district that has wrongfully received money belonging to another cannot in an action by the latter to recover it, require any strict proof of the regularity of the proceedings authorizing it to be collected.—[School District No. 9 of Midland v. School District No. 5 of Midland, 40 Mich., 551.]

¶107. Where a school district is parceled out among three other existing districts, the latter cannot be held jointly liable for a debt of the former district; whatever they are bound to pay must be a several, and not a joint obligation.—[Halbert v. School Dists., 36 Mich., 421.]

¶108. The statute having confided the management of suits brought against a school district to the assessor when no other direction has been given by the voters in district meeting, the moderator and director, though constituting a majority of the district board, have no authority to take the defense of a suit from the assessor; the control of suits is not among the powers or duties confined by the statutes to the district board.—[School District No. 4 of Rush v. Wing, 30 Mich., 351.]

¶109. The suggestion that the action of the assessor in this case was such as to be evidence of an adverse interest is disregarded, such a suggestion might be made in any case where the assessor had refused to yield his legal authority to another.—[Ibid.]

¶110. A judgment for costs against the district on the dismissal of an appeal taken in the name of the district by the director, without the authority or assent of the assessor, on the ground that the district had not appealed, is held to be erroneous.—[Ibid.]

¶111. Costs are not awarded against the school district in this court, on a writ of error brought without authority of the assessor, to review such dismissal.—[Ibid.]

¶112. A *mandamus* will lie to compel a school district to pay orders issued by it, even though the district has since been subdivided, where statutory provision for distributing the original liability has not been carried out.—[Turnbull v. Board of Education, 45 Mich., 496.]

¶113. Interest upon orders issued by a school district is denied upon granting a *mandamus* to compel their payment, if no authority has been given to impose it.—[Ibid.]

¶114. Under a contract to teach "for ensuing year," which contract contained the following clause: "Said board reserving to itself the right to * * * discharge said teacher at any time whenever it may desire to terminate this contract, upon one week's written notice to said teacher by its committee on teachers and text-books," the refusal of the board to give the teacher employment at the opening of school was

equivalent to notice, and entitled him to recover for one week's salary only.—[Derry v. Board of Education of East Saginaw.

VIII.

TUITION OF NON-RESIDENT PUPILS.

¶115. Before any action can be maintained under the statutes, for the tuition of non-resident pupils, the district board must first fix and determine the rate of tuition of such pupils, and this should be by resolution of the board, properly recorded by the director in the records of the district; and the fact that such action has been taken; cannot be shown by parol, if objected to.—[Thompson v. School District No. 6 of Crockery, 25 Mich., 483.

IX.

ADMISSION OF COLORED CHILDREN TO SCHOOL.

¶116. The amendment to the primary school law of 1867—Laws of 1867, vol. 1, p. 42 [General School Laws of 1889, §45]—giving equal rights in the schools to all residents, is applicable to the city of Detroit, and precludes the board of education of that city from excluding a child from any public school on the ground of color.—[People v. Board of Education, 18 Mich., 400.

X.

SCHOOL SITES AND SCHOOLHOUSES.

¶117. Notice of a meeting of the board of school inspectors to change a schoolhouse site is necessary.—[Andress v. School Inspectors of Williamstown, 19 Mich., 333. (See ¶1 preceding.)

¶118. The board of inspectors have no power to change a schoolhouse site on a written request of a majority of the qualified voters of the district, except in cases where the site has been fixed by them because the inhabitants were unable to agree upon a site.—[Ibid.

¶119. The jurisdiction to condemn lands for a schoolhouse site is invoked by presenting to the proper officer a petition designating the site and showing disagreement with the owner as to compensation for it.—[Smith v. School District No. 2 of Milton, 40 Mich., 143.

¶120. In proceedings to condemn land for a schoolhouse site, the circuit judge is not required to act in preference to a circuit court commissioner.—[Ibid.

¶121. When the owner of land that is sought for a schoolhouse site is represented at the proceedings to condemn it, he is deemed to waive objection to jurors, if he does not challenge them at the time.—[Ibid.

¶122. When the petition, notice, *venire*, finding, and commissioner's certificate in proceedings to condemn land for a schoolhouse site are regular on their face and show full compliance with statutory requirements, the proceedings are presumed regular; and if the parties interested were represented and omit, on filing the proceedings, to make a sworn showing to the circuit court of any other defects, such as an omission to designate the site to the jury, they cannot rely on it thereafter.—[*Ibid.*]

¶123. A school district contracting for the building of schoolhouse within a stated time, is bound to furnish a suitable site therefore within such reasonable time that the constructors shall not be delayed on their part.—[*Todd et al. v. School District No. 1 of Greenwood*, 40 Mich., 294.]

¶124. Under a contract for the construction of a school building which provides that the work shall be "executed in the best and most workmanlike manner and agreeably to such directions as may be given from time to time" by the architect or his assistant [the local superintendent of the work employed by the district], "and to his full and entire satisfaction without reference thereon to any other person," [it was held] that all claims for alterations or extras were to be judged of, determined, and adjusted "solely by the superintendent," and that payment should be made on the certificate of the architect or superintendent, partly on monthly estimates, from time to time, and the balance on completion of the building; whatever passed under the inspection of the superintendent as the work progressed, and was in good faith approved by him, expressly or by implication, was not open to objection on the part of the district afterwards; and the certificate of the architect was not a condition precedent to the right of the contractor to recover for the work so approved.—[*Willey v. Fractional School District No. 1 of Paw Paw and Antwerp*, 25 Mich., 419.]

¶125. Variances from such a contract which have been treated at the time as immaterial by both parties will not afterwards be held to be departures from the contract; and what was regarded at the time as substantial compliance with its terms, constitutes a performance in law.—[*Ibid.*]

¶126. Intentional departures from such contract, made without the consent, express or implied, of the district officers, architect, or superintendent and in disregard of their directions, would not bar a recovery for other portions of the work which were duly approved; but the district would have a right to insist on the proper changes in the work to make it conform to the contract, and to recover any damages sustained by the failure.—[*Ibid.*]

¶127. The mere fact of taking possession and occupying the building by the district for their schools, after the time when, by the contract, it was to be completed, would not, of itself, constitute an acceptance which should bar any claim on the part of the district to insist upon a rectification of any faults, or the payment of any damages they may have suffered by the failure in strict compliance; but the fact of making payments afterward without objection, the matter of taking possession, and whether with or without objection to any variation, would have an important bearing on the question of fact, whether any rights were intentionally waived, or whether there was a purpose to accept the building as completed in substantial compliance with the contract.—[*Ibid.*]

§128. *Mandamus* will not lie to compel a circuit judge to overrule his finding that the proceedings [of] taking for the condemnation of a site for a schoolhouse were irregular, and to compel him to enter judgment for the amount found due.—[School District No. 5 of the Township of Delhi v. The Circuit Judge for Ingham County, 49 Mich., 432.]

§129. Proceedings to condemn land for a schoolhouse site will be quashed, if there is no lawful designation thereof shown by the records.—[Heck v. School District No. 2 of Essex, 49 Mich., 551.]

§130. The school law (Act 164 of 1881) permits land to be condemned for school purposes only when a site has been lawfully determined, and it confines the power of the township inspectors to determine the site to cases where the inhabitants themselves cannot do it; and it seems that more than one site cannot be designated except by the inhabitants.—[*Ibid.*]

§131. The justice to whom a petition for the condemnation of land for a schoolhouse site is presented, is not empowered to hear evidence or pass on any of the merits.—[*Ibid.*]

§132. Where proceedings to condemn land for a schoolhouse site are brought before a jury, proof of a legal selection of a site must be made to them, and without it they cannot find it to be necessary to condemn it.—[*Ibid.*]

§133. A lease to a school district, to hold the property "during the time it is used for school purposes," is a lease in perpetuity at the will of the lessee; and, as the lessee is a corporation and words of inheritance are not required, the lease, if a present consideration is paid, really operates as a bargain and sale, and conveys a base or determinable fee. This is sufficient to satisfy the provisions of the school law, which requires a title in fee or a lease for ninety-nine years, where land is to be secured for erecting a stone or brick schoolhouse.—[School District No. 5 of Delhi v. Everett, 52 Mich., 314.]

§134. After the lapse of a dozen years it is too late to disturb the title to a schoolhouse site by mere questions of regularity in the proceedings to designate it.—[*Ibid.*]

§135. A *surety* on a bond given to secure the performance of a contract for building a schoolhouse, cannot recover of the trustees of the district for moneys due him for materials furnished in the erection of the building, by reason of their failure to require the contractor to execute the statutory bond provided for by act No. 94, Laws of 1883.—[Owen v. Hill et al., 67 Mich., 43.]

§136. Whether such trustees are liable *in any event* for such neglect of duty, query,—Sherwood and Champlin, J. J., holding them so liable, and Campbell, C. J., and Morse, J., reserving their opinion on the subject.—[*Ibid.*]

XI.

GRADED AND HIGH SCHOOLS.

§137. The right of school authorities in union school districts of this State to levy taxes upon the general public for the support of high schools, and by such taxation to make free the instruction of children in other languages than English, is sustained.—[Stuart v. School District No. 1 of Kalamazoo, 30 Mich., 69.]

¶138. A school district which has assumed to possess and exercise all the rights and franchises of a regularly organized corporation for thirteen years, with entire acquiescence of everybody, is not liable to have the regularity of its organization or of the legislation under which it acted, called in question thereafter, in a merely private and collateral suit.—[Ibid.]

¶139. Whether or not the statute of limitations applies in terms to a case where it is not so much the organization of the school district that is questioned as its authority to establish a high school and levy taxes therefor, it is strictly applicable in principle.—[Ibid.]

¶140. The organization claimed and asserted by the district being that of a union school district, the presumption of organization arising from its user of corporate power must be that of such an organization as its user indicates, and whether or not an acquiescence for the statutory period of two years will raise the presumption of regular organization, one of thirteen years certainly will.—[Ibid.]

¶141. The State policy of Michigan on the subject of education and of the territory before the State was organized, beginning in 1817 and continuing down until after the adoption of the present constitution, having been reviewed and considered, the conclusion is reached that there is nothing in our State policy or in our constitution or in our laws, restricting the primary school districts of the State in the branches of knowledge which their officers may cause to be taught, or the grade of instruction that may be given, if the voters of the district consent in regular form to bear the expense and raise the taxes for the purpose or to prevent instruction in the classics and living modern languages in these schools. —[Ibid.]

¶142. The power to make the appointment of a superintendent of schools in a union school district is one that is incident to the full control which by law the district board has over the schools of the district.—[Ibid.]

¶143. The decree below dismissing the bill filed in this case to restrain the collection of such portions of the school taxes assessed against the complainants for the year 1872, as has been voted for the support of the high school in the village of Kalamazoo and for the payment of the salary of the superintendent, is affirmed.—[Ibid.]

¶144. The board of trustees of a graded school have authority to purchase a piano for the purposes of a high school.—[Knabe et al. v. The Board of Education of the City of West Bay City, 67 Mich., 262.]

¶145. When the law gives the board of trustees powers to prescribe the course of studies, it gives them the authority to provide *means* to carry the powers into effect.—[Ibid.]

XII.

LIBRARY MONEYS.

¶146. The treasurer of the board of school inspectors and not the township treasurer, is the proper custodian of the township library money; and the latter officer, on proper demand, is bound to pay it over to the former and is not entitled to withhold it until it is drawn by the inspectors as needed for specific appropriations; and *mandamus* will lie

to enforce the performance of this duty.—[McPharlin v. Mahoney, 30 Mich., 100.

¶147. It is a sufficient ground for an application for *mandamus* to enforce such payment, that the township treasurer, when an order was properly drawn on him by the inspectors for such money, but for an amount slightly in excess of the money in his hands, refused to pay over what he had, not on the ground that the order was too large a sum, but upon the distinct assertion that he was himself the proper custodian of the funds, and was not bound to pay them over, except as they were required by the inspectors for special purposes.—[Ibid.

¶148. Under the constitution and statutes, all moneys which are paid into the office of the county treasurer, on account of fines, penalties, forfeitures, and recognizances, are to be credited to the library fund, and apportioned and paid over by the treasurer to the proper local officers, without any deduction for expenses, either attending the collection of the particular sums paid in or embracing the general criminal expenses of the county.—[Board of Education of Detroit v. Treasurer of Wayne County, 8 Mich., 392.

XIII.

MISCELLANEOUS

¶149. A communication representing that a certain person was of bad moral character and wholly unfit to teach and have the care of a district school, made to a township superintendent by persons interested in a particular school within its jurisdiction, for the sole purpose of preventing the issue to the person so charged of a license to teach the school, is held to be a privileged communication and not actionable.—[Wieman v. Mabee, 45 Mich., 484.

¶150. An action will not lie on a communication relating to personal character, if made in good faith and for an honest purpose by persons concerned, and to the proper person. Nor will it lie when such a communication is untrue, if it is not maliciously made.—[Ibid.

¶151. A school director has authority, in the exercise of a sound discretion, to buy new seats for a schoolhouse under a resolution adopted at the annual meeting of the school district "that the school board fix the schoolhouse ready for the winter term."—[McLaren v. Town Board of Akron, 48 Mich., 189.

¶152. Act 164 of 1881, in authorizing the removal of a school district officer for illegally using or disposing of any of the public moneys intrusted to his care, does not cover a charge of conspiring with a woman moderator to hire her husband as teacher and pay him more than was necessary to obtain a good teacher.—[Ibid.

¶153. If one of two parties claiming the office of moderator obtains a judgment of ouster against co-claimant and is recognized by the director and assessor, he becomes an incumbent of the office *de facto* and his action will be respected while in office.—[School District No. 8 of Tallmade Township v. Root, Town Treasurer, 61 Mich., 373.

¶154. The practice of taking "informal ballots" at regular elections has no legal sanction, may mislead voters, and is open to grave abuse and is so held when indulged in at annual school meeting.—[Ibid.]

¶155. A line fence around the schoolhouse site is a "necessary appendage" within the meaning of the statute. "Appendages," under the school statutes, include fuel, fences, and necessary outhouses. The duty of the director to provide the same is not confined to the school term; they should be on hand when the school opens. It then becomes his duty to keep the same in repair, as also the schoolhouse.—[Creager v. School District No. 9 of Wright Township, 62 Mich., 101.]

¶156. Direction for the payment of primary school money apportioned by the Superintendent of Public Instruction as, between districts, if accompanying the apportionment, cannot be altered or modified by the town clerk.—[Moiles, Assessor, v. Watson, Treasurer, &c., 60 Mich., 415.]

¶157. Title of *de facto* officer will not be tried on application for *mandamus*.—[Ibid.]

¶158. The mother of a child included in the school census of the district, who had resided therein more than three months and was more than twenty-one years of age, was entitled to vote at a school meeting for school trustees, though the constitution of Michigan limits the right of suffrage to males, as the constitutional qualifications do not apply to officers for which the legislature has the right to provide, among which are school trustees.—[Belles v. Burr et al., 43 N. W. Rep., 24.]

[NOTE.—This decision does not apply to cities whose charters provide that school officers shall be voted for on the same ballot with other municipal officers at a general election. See Mudge v. Jones, 59 Mich., 165.]

¶159. A rule by a school board that "pupils who shall in any way deface or injure the school building, outhouses, furniture, maps, or anything else belonging to the school, shall be suspended from school until full satisfaction is made," will not be enforced against a boy who accidentally breaks a window glass. Such a rule will not be sustained where the act was done merely through carelessness or negligence, but it must be wilful or malicious to warrant suspension from school.—[Joseph H. Holman v. Trustees of District No. 5, Township of Avon. (Opinion filed Nov. 8, 1889.)]

¶160. It is the duty of the moderator of a school district to countersign all proper orders drawn by the director or the district treasurer, and if he refuses to countersign such an order issued in full compliance with the provisions of law, *mandamus* will lie to compel the performance of such duty.—[Montgomery v. State, 53 N. W. Rep., 586.]

¶161. A contract of employment of a teacher, entered into on behalf of the district by the director and treasurer, will bind the district, although the moderator was not consulted concerning the employment.—[Montgomery v. State, 53 N. W. Rep., 568.]

¶162. There is no reason why the school district should be put to the cost of a suit by reason of the refusal of the assessor to discharge a duty which might be compelled by proper proceedings against him.—[Phillips v. School District No. 3, 79 Mich., 170.]

¶163. The power to adopt text-books is conferred by law, and cannot be affected by any rule of the board fixing a time for the reconsideration of motions and resolutions.—[Jones v. Board of Education, Detroit, 88 Mich., 371.]

¶164. Howell's Statutes, paragraph 3, section 5073, sub. 6, forbids the purchase by a school director of any charts or apparatus for the school without a vote of the district authorizing the same; held, not to allow of any purchase by a director, whether acting singly or with the other directors, unless upon authority of the district.—[Western Pub. House v. School District No. 1, Locke, 53 N. W. Rep., 1103.]

¶165. A notice of a meeting of the board of school inspectors of a township, which is in fact signed by the township clerk, is a valid notice, whether he describes himself as township clerk or as clerk of the board of school inspectors.—[McDonough v. Dewey, 82 Mich., 309.]

¶166. A notice of the proposed enlargement of a school district by attaching territory taken from two contiguous districts, which gives the exterior boundaries of the district before and after such enlargement, but which fails to name the contiguous districts, is sufficiently definite and certain and shows upon its face that the two districts are to be affected by the proposed action of the inspectors.—[McDonough v. Dewey, 82 Mich., 309.]

¶167. No power is now conferred by statute upon the voters at an annual meeting to determine whether the school should be kept by a male or female teacher.—[Cleveland v. Amy, 88 Mich., 377.]

¶168. While we are not prepared to say that the board has a right arbitrarily to refuse a certificate to one possessing the proper qualifications, we are prepared to say that, if the board should refuse a certificate through a personal prejudice or a wilful intent to injure an applicant, and deprive him or her of earning a livelihood at teaching, such person would have the same remedy as any other person who was injured by the malfeasance of a public officer. The matter of selecting or certifying proper and competent teachers in our schools is one of much importance; and, vested as it is, in a board of school examiners who by personal examination are better qualified to survey and consider all the circumstances which should influence one in forming a judgment, we should hesitate to interfere, and will only do so in a case free from doubt and of a gross perversion of duty.—[Sturdevant v. School Examiner, Eaton County.]

¶169. Plaintiff held a certificate which expired one month after he began his school * * * * failed to procure a certificate upon two trials. It was his business to quit; and after such failure neither one nor all of the district officers could continue him in the school and bind the district to pay for his services, as it is shown that there was no difficulty in obtaining qualified teachers in that vicinity.—[Devoe v. School District No. 3, 77 Mich., 610.]

¶170. A high school is not a "college" or university within the meaning of Public Acts 1891, No. 147, which provides that graduates of such institutions shall be eligible to the office of county commissioner of schools.—[People v. Howlett, 53 N. W. Rep., 1100.]

¶171. Under Public Acts of 1891, No. 147, making the holding of a first grade certificate as teacher a qualification for the office of county school commissioner, such certificate issued to one after his election, though dated prior thereto, is insufficient.—[People v. Howlett, 53 N. W. Rep., 1100.]

¶172. A first special grade certificate of qualification as teacher can be granted only after the regular public examination provided for by Public

Acts 1887, No. 226, and Public Acts 1891, No. 147.—[*People v. Howlett*, 53 N. W. Rep., 1100.

¶173. Where one disqualified under Public Acts 1891, No. 147, to act as county school commissioner, is elected to that office, a judgment of ouster is proper, though there is no opposing claimant for the office.— [*People v. Howlett*, 53 N. W. Rep., 1100.

¶174. A writ of mandamus should issue to compel a school board to collect unpaid institute fees of teachers before completing a contract for the services of such teachers.—[*Hammond v. Board of Education of City of Muskegon*.

OPINION OF THE ATTORNEY GENERAL.

RIGHT OF WOMEN TO VOTE AT SCHOOL ELECTIONS IN CITIES OF THE FOURTH CLASS.

(Attorney General of Michigan.)

The Hon. Washington Gardner, Secretary of State, Lansing, Mich.:

MY DEAR SIR—Yours of a recent date received. You ask, "Can women now vote at regular annual elections of school trustees, held in this State, who live in cities incorporated under the provisions of act No. 215 of the public acts of 1895, being 'An act to provide for the incorporation of cities of the fourth class.'"

Owing to the importance of this question, and especially from the announcement that has been made public that, owing to somebody's mistake, women residing in these cities were, as the law now reads, unintentionally deprived of the privilege which they have long enjoyed, I have given very careful attention to this matter to determine what, in fact, the law is on the subject. As a result of this examination, I am clearly of the opinion that no such result has been reached, and that the women who are duly qualified, under the general school law, can continue to vote and hold office in exactly the same manner as they did before the adoption of the act in question.

The words which have been regarded as sufficient to disfranchise women are found in section 4, chapter 32, on page 489 of said act, and they are as follows:

"Every person shall be entitled to vote at such election who is a qualified voter of the State, and qualified by the laws of the State to vote at any election for school officers."

These words standing alone and read without reference to the intent of the legislature, as gathered from the entire act, are, I confess, somewhat ambiguous, and might lead to the conclusion that women were, in fact, disfranchised. But it is a fundamental principle in the construction of statutes, that the intention embodied and embraced in the statute is the vital thing—the very essence of the law. And, while it is true that, where the words are clear, certain and unambiguous, so that the legislative intent is perfectly clear, there is no room for construction; it is always equally true that if from a view of the whole law or from other laws in *pari materia* the evident intention is different from the literal import of the terms employed to express it in a particular part of the law, that the intention must prevail. That, in fact, is the will of the legislature.

With this foundation principle in view, we are prepared to address ourselves to the consideration of the sentence above quoted, and inquire what do the words really mean?

As has been well said, in determining what a particular provision, clause, or word means, we must proceed as we would with any other composition—construe it with reference to the leading idea or purpose of the whole instrument. The whole and every part must be considered; and always the general intent should be kept in view in determining the scope and meaning of any part. This survey and comparison are necessary to ascertain the purpose of the act and to make all the parts harmonious. They are to be brought into accord, if practicable, and thus, if possible, give a sensible and intelligent effect to each in furtherance of the general design. The words and meaning in one part of an act often lead to and furnish the explanation of the sense of another. And if the comparison of one clause with the rest of the statute makes a certain proposition clear and undoubted, the act must be construed accordingly, so as to make it one consistent whole. And if, after all, as unfortunately it is often the case, this cannot be done, then, that construction that produces the greatest harmony and the least

inconsistency is that which must prevail. The intention of the whole act controls the interpretation of any of its parts. And I have no hesitancy whatever in saying that the legislative intent, as gathered from the entire act, is perfectly clear, that is—that women were to be allowed to vote at school meetings in the future as they had in the past. In other words, that there was no intention on the part of the legislature to disfranchise women.

In the first place, there is not a word, either in the act itself or in its title, that indicates the legislature intended to repeal act No. 164 of the public acts of 1881, which conferred upon women of certain classes the right to vote at annual school elections. But, on the contrary, this act was under consideration during the session of the legislature last winter, and section 17 of chapter 2 of said act, which gives this power to women, was amended, in certain particulars, but in no way as it affects the right of women to vote; which has been judiciously determined to be constitutional (see *Belles v. Burr*, 76 Mich. 1), and which privilege they have enjoyed for more than thirteen years. In other words, the legislature, instead of repealing the law granting this privilege to women, reconsidered it and readopted it, and declared that that which had been should continue to be the law of this State. This being the case, it is absurd that the legislature should immediately thereafter turn about and deny to women who happen to live in certain named cities the privilege which they freely gave to all other women of the State. The anomaly of a woman twenty-one years of age who is a citizen of the State and owning property assessed for school taxes, or who is the mother of children included in the school census, being permitted to vote in one city, and another woman possessing the same qualifications being denied this privilege because she happened to live in a city of the fourth class, which includes all cities not exceeding 10,000 population according to the last preceding federal or State census, is one which cannot be tolerated, unless the intention of the legislature to create this anomaly was absolutely certain. But I am glad to say that it is perfectly clear that the legislature had no such intention.

Again, that it is perfectly clear that the legislature intended to give women the privilege of voting at these school elections is found in this, that a careful distinction is made in pointing out who shall be qualified electors at elections held in the city other than for school purposes. On page four of said act it is expressly stated that "only those shall be electors" therein "who have the qualifications prescribed in the constitution of this State." And throughout the entire act, whenever the subject of elections is considered, the word "electors" is in this sense used. But, when we come to chapter 32 of the act, which is entirely taken up with the one subject, "education," we find that the wording is entirely different, i. e., that instead of men and men only being electors, in this chapter, the language is used with reference to the fact that both men and women are entitled to vote at school elections; and that there should be no doubt about this, the legislature used the words in question and now under consideration. They had said before that only men should vote, but when it comes to school elections they say, "Every person shall be entitled to vote at such elections who are qualified by the laws of the State to vote at any election for school officers."

The preceding clause, "who is a qualified voter of the city" may have been used for this purpose; that whereas, under the general school law "a residence of three months next preceding any school meeting" was required, that this would not be required of voters living in the cities of the fourth class; but that it will be sufficient if he or she shall have resided in the ward or election district where he offers to vote for twenty days next preceding the general election." And, in my opinion, this was the purpose for which these words were used. But, be that as it may, applying the rule that that construction which produces the greatest harmony and the least inconsistency should prevail, I have no hesitancy in saying that women who possess the qualifications named in the general school law shall continue in the future as in the past, to enjoy the privilege which they have enjoyed for a long time; viz., to vote at all school meetings.

And from what I have said, it follows that being qualified electors of the school district, they are eligible to hold the office of trustee of said district, as the only condition precedent to the holding of such office is that such trustee shall be an elector.

Yours truly,

FRED A. MAYNARD.
